# Yorkville Studio

BY: SABRINA RAMKHELAWAN

Our original designs embody whimsy and nostalgia, blending soft, retro color palettes with imaginative patterns.

The playful compositions, featuring hand-drawn, natural motifs, evoke a sense of wonder with pastel pinks, shimmering golds, mint greens, and calming beiges. Each piece is infused with energy, capturing the drift of maple leaves, the sway of branches, the flutter of a butterfly's wing, and the lively dance of a bumblebee.

# About the Artist

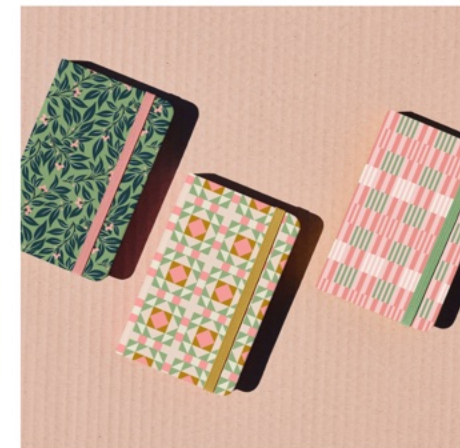

Yorkville Studio is the work of Sabrina Ramkhelawan, a digital artist and surface pattern designer based in New Jersey. When she's not creating artwork, Sabrina enjoys playing with her Irish Wolfhound mix, Ninja, weekend getaways along the Hudson, and spending time with family out on Long Island.
